Hi Vielka,

Thanks for talking with me about this. To recap what you said –

1. Formula grants are funds awarded to state service commissions using a population-based formula, that the states in turn use to fund their own grantees.
2. CNCS plays no role in selecting the grantees funded through states' formula grant funds.
3. The reason we would have the application documents for the state commissions' formula-grant grantees (as below, with Santa Maria Community Services) is that the state commissions – not just CNCS – use the eGrants system for the application process. Ergo, their state-level grantee records are retrievable in eGrants.

Does that capture it correctly?

Stephanie

Hi Stephanie – Lenore is on leave today too. With the grant number, Jeritta was able to get the applications. The complete application include three parts: the 424, the Budget and the Budget Narrative.

Hi Stephanie – Lenore handles our responses to FOIA request. She will go back to you.

These are Formula applications submitted to the State Commissions. We will have to check if we can pull such records here.

Thank you.

Subject: some subgrantees through ServeOhio

Hi Susan,

I'm trying to find out if we have records we can provide to a FOIA requester about some ServeOhio subgrants, or if all the records would be with ServeOhio.

Do we have any application documentation for these subgrants?

Santa Maria Community Services

If we do, would you please send them to me at your earliest convenience, or else let me know we don't have anything?

Thanks,
Stephanie
